THE GRADUATE COLLECTION

WINDOWS
THE WAY THEY'RE MEANT TO BE™

The Residence 9 Graduate Collection is a range of colours and shades to suit different architectural periods and individual choices. 17th Century windows were oak and left unpainted, whilst 19th Century windows were always painted. The inspirational dual colours can transform your home room by room, creating your perfect solution, this is your Residence 9.

THE GRADUATE COLLECTION

Matt Finish - Unfolded

The print process may not give a 100% accurate colour representation of the actual finish. Furthermore, the finishes have different textured grains. For this reason it is recommended to visit a Residence 9 showroom to see actual swatches of the finishes available.

OUTSIDE COLOUR

DUAL COLOURS

Colours can be mixed for example you could have "Cotswold Biscuit" on the outside but an "English Oak" finish to the inside, if it matched your kitchen décor for example. Experiment... if your windows are green but that doesn't match your bedroom décor, then go for green outside, white inside! Or black frames and white sashes for that Tudor cottage style?
